

## Curriculum Vitae of Stuart D. Bagley, MS, CIH, CSP

11236 Harrington St.  
Fishers, Indiana 46038  
(317) 598-0148

### Highlighted Qualifications

- ✚ Certified Industrial Hygienist (CIH)
- ✚ Certified Safety Professional (CSP)
- ✚ Master of Science in Occupational & Environmental Health
- ✚ Bachelor of Science in Biology
- ✚ Extensive experience in manufacturing, consulting and government

### Education

- ❖ Master of Science in Industrial Hygiene, Wayne State University, Detroit, MI (1982)
- ❖ Bachelors of Science in Biology, University of Michigan, Ann Arbor, MI (1978)

**Senior Consultant**, Owner, Environmental Health and Safety, IAQ Services Inc, Indianapolis, IN, 1996 to now. Serve as a senior consultant to industry, government, legal and consumer sectors. Performed health and safety audits, indoor air quality studies, expert legal work, industrial hygiene monitoring, electromagnetic field studies, safety training, asbestos inspection, construction site safety and noise surveys. Perform consulting assignments with local, state and federal government agencies and private corporations.

### Manager of Environmental Health and Safety

Tenneco Paper, 1995-96, Lake Forest, IL

Manager of Environmental Health and Safety for AVI Division. Developed and implemented health and safety programs for construction site activities at plants throughout the USA, performed jobsite safety inspections and safety training.

### Manager of Environmental Health and Safety

General Electric Company, Power Generation Division, 1991-94, Oak Brook, IL

Manager of Environmental Health and Safety for the Central U.S region. Developed and implemented health and safety programs for construction site activities at power plants throughout the central US, performed jobsite safety inspections and safety training.

### Consulting Industrial Hygienist and Safety Engineer

Environmental Monitoring Services, Inc., Southfield, MI, 1987-91

President and owner of an industrial hygiene consulting firm with three full time employees. Performed consultations on asbestos, noise and indoor air quality as well as project and contractor oversight on lead and asbestos abatement projects.

### Material Safety Engineer

General Dynamics Corporation, Sterling Heights, MI (contract), 1984-87. Authored over 1000 Material Safety Data Sheets (MSDS), analyzed numerous production and maintenance

chemical products for toxicity, safe handling procedures, waste disposal and compliance with regulators.

### **Health & Safety Compliance Officer**

Occupational Safety and Health Administration (OSHA), U.S. Department of Labor, Toledo, OH, 1983. Advised and ensured the compliance of industry with OSHA regulations. Audited numerous industries for health and safety compliance with OSHA regulations.

### **Research Assistant**

- Wayne State University Medical School, Detroit, MI, 1980-82
- University of Michigan Medical School, Ann Arbor, MI, 1979-80

I served as a research assistant at the two medical schools. Job duties included handling of live animals, preparing animal and tissue specimens, mixing pharmaceutical reagents and radioisotopes, using sophisticated laboratory equipment, disposing of hazardous materials and managing general laboratory safety.

### **Professional Development Courses**
